Custom Paintings/Pricing

I would love to have the opportunity to paint a custom piece, a loved one or pet! You just need to provide a photo as inspiration and I'll be on my way. All paintings will be painted on fine 140 lb Arches watercolor paper with the highest quality watercolor paints. Background and color customization is available at no additional cost. I will send you photos of my progress upon request. I am willing to do up to three revisions at no extra charge if you would like additional modifications. Completion time may vary but typically takes 2-4 weeks depending on size and complexity.

How to order:

1. Send me a message with a high quality photo and desired size. Photos with good light and shadow typically make the best paintings.
2. I will create a custom listing for you for 50% of the price of the portrait.
3. I will send you a photo of your painting for approval and make changes if desired.
4. Once your painting has been approved, I will create a listing for the remainder (shipping cost is not included in this quote).
